Product Sales Information - Costs and Benefits

1) Online Subscriptions

Subscriber Benefits:

1) 7,000 pages of illustrated life science, Earth science, physical science, biology, anatomy, ecology, botany and zoology resources for K-12 – reading, diagrams, inquiry, activities, investigations, worksheets, testing.

2) Content can be viewed online or printed - High resolution, printer-friendly versions of all resources.

3) Access in virtual platforms, e.g. Google Classroom, as content conversion allows.

4) Access to the website from anywhere in the world with internet (using your login).

5) Access to more than 10,000 illustrations for the development of handouts, murals, dioramas, science fair projects, and nature trail signage. Ask about a complimentary license for subscribers.

6) Usage statistics calculator that can be accessed at any time.

7) No off site advertising after login.

8) Access for a full year – from the day you subscribe to the same date the following year.

9) No auto-renewals, but will send expiration reminders at the end of your year.

10) We accept purchase orders for school subscriptions.

Extra Perks for School Subscribers:

1) IP authentication available for school subscriptions - no logins necessary at school.

2) Access to all the downloadable bundles and books in the store at no additional cost ($1,500 value).

3) Share your login with all your students to use from home.

4) Share your login with all the other teachers in your school building (to use from home or school) and their students and families.

5) Paid subscribers can use our content with students in Google Classroom or other virtual platforms.
